

Thank you to our Eco Reps and everyone in the School Community helping us to achieve a more eco-friendly school.

Biodiversity

Gardening Club's colourful Superbloom wildflower meadow is attracting loads of bees and other pollinating insects. Go and see for yourself alongside the path next to Nursery. Year 1's wildflower patches, behind Reception playground, are also blooming beautifully.

Plastic Free July

Eco Reps gave a presentation in Assembly about the problem of plastic waste polluting the environment and harming wildlife. They issued a challenge for you to try and reduce your plastic consumption for the whole month. Try these tips:

- Use refillable water bottles. You could [download the free Refill app](#) to find places to eat, drink and shop with less waste. Let's try and ditch single-use plastic bottles at Wimbledon Chase!

- Go prepared when you go shopping and take a reusable shopping bag, and pop a reusable cup in for your favourite takeaway coffee.

Eco Reps did a survey to find out how many people brought snacks and packed lunches using single-use packaging. Eco Reps will be repeating the survey on our **Plastic Free Day** on **July 8th**, so let's try and bring in more fresh food in reusable containers and have plastic free snacks and lunches that day!

Try this site to find local shops which accept plastic bags and other non-recyclable wrapping: [Where to recycle plastic bags](#)

Find out where you can take your empty beauty, health, wellness and dental products, from any brand, that can't be recycled at home. [Scan2Recycle](#)
-use plastic

Watch out for our turtle artwork highlighting the need to cut down on single-use plastic.

Let's all **Choose to Refuse** single-use plastic during **Plastic Free July**.
